

Pool Chemicals

Chemical	Pack Size	Description
Chlorine 65	1, 5, 20 & 45kgs	Granular Calcium Hypochlorite (65% available chlorine) is the most common compound for pool chlorination.
Chlorine 90	5, 20 & 50kgs	Granular Trichloroisocyanuric Acid (TCCA) (90% available chlorine) offers higher chlorine concentrations and the benefit of a water stabilizing carrier.
pH Minus	5 & 20kgs	Liquid form Hydrochloric Acid (HCl) for pH reduction of high pH alkaline water.
pH Minus Super	5 & 20kgs	Granular form Sodium Bisulphate (NaHSO ₄) is an acidic salt for use with high pH alkaline water. It is safer to handle and has similar properties to standard pH Minus.
pH Plus	5 & 20kgs	Granular form Sodium Carbonate (Na ₂ CO ₃) for pH increase of low pH acidic water.
pH Plus Super	1 & 5kgs	Powder form Sodium Bicarbonate (NaHCO ₃) that raises alkalinity to recommended levels and provides stability for pH and thus clearing cloudy pools faster
Flocculant	5, 20 & 50kgs	Granular Aluminium Sulphate Al ₂ (SO ₄) ₃ is used for clearing heavily discoloured water and also increases filtration efficiency.
Stabilizer	1kg	Stabilizer contains Cyanuric Acid which chemically stabilizes pool water and reduces chlorine demand.
HTH Sparkle IT	1 litre	A water conditioner that clears cloudy water, improves filtration efficiency and adds extra sparkle to pool water. Available in dissolvable cubes and granule form.
HTH Clear Blu	180g	Dissolvable cubes that brings extra sparkle to pool water and reduces chlorine consumption.
Algicure	5 & 20 litres	For the effective removal of algae growth, especially when established on the pool walls and floor.
Pool Magic Plus	1,3 & 5kgs	Specially formulated liquid form polymer that gives pool water extra sparkle.
Anti Stain	5 & 20 litres	A detergent to remove scum and stains from the pool surfaces.
Eezi All in one	1.2 & 1.7Kgs	A unique full specification pool maintenance chemical for total monthly pool care featuring weekly chlorine supply, algaecide booster and clarifier in one simple to use pack that keeps pools sparkling clean.
Eezi Green Go	1.4Kgs	A strong formulation containing algaecides and clarifier for rapid restoration of green pools over 24 hours.
Eezi Smart Pool Booster	500gms	A combination of copper and zinc-based algaecides and clarifier for reduced chlorine dosage.
Eezi Floatster	1.6Kgs	A world first innovation in pool chemical technology consisting of a blend of copper and zinc based algaecides and clarifiers and chlorine 90% for easy pool maintenance. Works by floating on the pool surface.
