

# SAWO

## DATA SHEET

## Steam & Sauna Rooms

SAWO is well known for its quality range of sauna and steam heaters and accessories and also offer rooms in component form that are easily assembled and include all items for a complete installation. This provides benefits of cost, installation simplicity and performance as each unit is engineered for optimised efficiency and value. Complete SAWO rooms are the ideal solution for steam and sauna facilities in private homes, health clubs and hotels that remove all the problems of individually specified installations.

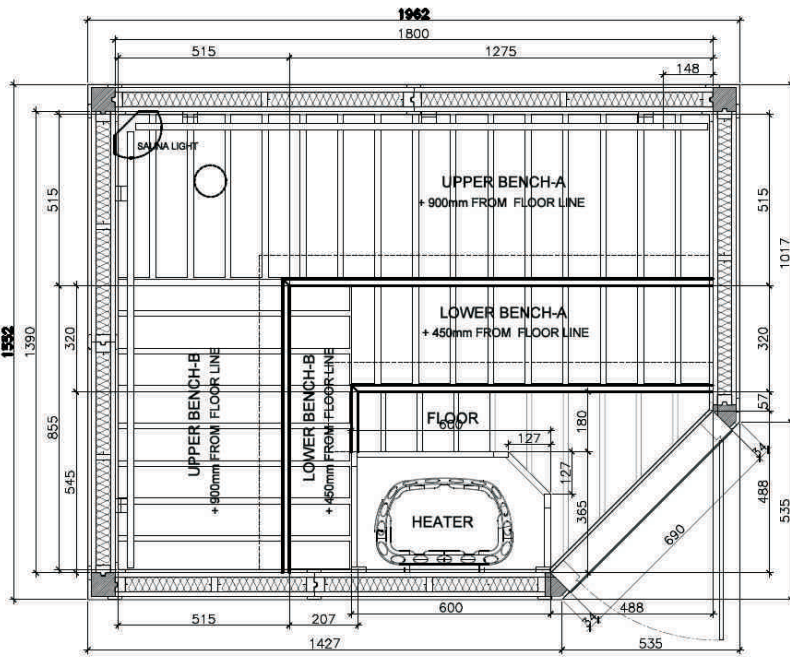

### STEAM ROOM

Steam rooms are designed to seat 4 people and are constructed from light modular acrylic panels and are simply bolted together on site. The unit includes four corner sections and a glass door and also a 6kW Plus-Series 1 ph/3ph steam generator, an essence/aroma pump, a protected steam head and an illuminated demand button.

Steam room size is 2.08m x 1.3m x 1.85m height, a capacity of 5m<sup>3</sup>, though due to the modular construction design rooms suitable for up to 12 people are available.

# SAUNA ROOM

## Standard Sauna Accessories Set

Sauna Heater

Sauna Light Cover with Sauna Light

Wooden Pillow

Pail and Ladle

Thermo hygrometer

Sand Timer

Standard sauna rooms are designed to accommodate 4-6 people and are free standing units designed for indoor installation. Rooms are constructed throughout in Spruce timber, a light softwood that is resistant to warping and gives the sauna a characteristic welcoming appeal. The room is fitted with a glass door and internal benches.

The sauna package also includes a 6kW Premium heater, controller and stones as well as a wooden pail, wooden ladle, covered light, sand timer, wooden pillow and clothes hanger.

External room size is 1.56m x 1.97m x 2.02m height, a capacity of 6.2m<sup>2</sup>
